

Decemb. 15. 1682. of the year 1682. to 8.  
found eight shillings in full. 1-8  
payment for this book of mine.  
J. W. [Signature]

This book has been placed in its original vellum binding because both it and the binding are in good condition. However, to preserve the contents no adhesive was put in contact with the pages and therefore there is weakness between the cover and contents - It would be greatly appreciated by us, and maybe the register, if this was kept in mind during handling.

Thank you.
